## CAR USED AS A PYRE STOLEN HERE

FORD SEDAN IN CRIME AT  
BEECHER OWNED BY  
RALPH YONKE

## STOLEN LAST APRIL

Ill-fated Driver Was Shot Through  
Head; Body And Car  
Set Afire

The trail of the identity of the young alcohol runner whose body was found in a blazing automobile near Steyer Sunday pointed toward Kankakee today. The dead man's car, the most important clue in the case, was found to have been stolen from Ralph C. Yonke who resides with his mother, Mrs. Annie Yonke, at 263 East Bourbonnais street, this city.

Mr. Yonke is now employed at Joliet and maintains an apartment there. The car was stolen from in front of this apartment, 207 Richmond street, on the morning of April 27, 1929. Mr. Yonke was in Joliet today, but his mother stated that the car was a new Model A Ford which had only been driven about 300 miles when it was stolen. It was purchased April 17 at the Harry Dahl garage in this city where Yonke continues to spend his week ends.

## Burned to Crip

The car was probably stolen by the young man whose body was found in the blazing machine by two highway patrolmen. The youth had been shot through the head and his body placed on five alcohol cans and set fire to after his clothing had been saturated with alcohol. Identification was impossible as the head and shoulders were burned to a crisp when the officers reached the scene after noticing the blaze half a mile away.

Police believe the youth was pulled from the car by a rival gang of booze runners and shot to death. Then the car and body were drenched with the alcohol and gasoline and the body tossed into the back seat for cremation. Alcohol remained in the cans exploded as the officers reached the scene.

Only clues.

The only clothing remaining unburned was part of a blue denim suit of overalls. The clues consisted of six keys on a ring and the engine number of the car which was traced to Yonke in this city.

Authorities believe the shooting and cremation of the man was done as a warning to others who might encroach on the gangland preserve of rivals.

## COUPLE ARRESTED HERE INDICTED BY FEDERAL JURORS

Deputy Sheriff Leo Tetrault returned last evening from East St. Louis where he appeared as a witness against Edward Schuler and Ruby Walters, 17-year-old couple who were arrested on the Dixie highway near St. Anne several weeks ago and who spent some time in the Kankakee county jail before being turned over to the federal authorities to answer a charge of car theft.

The couple was indicted by the federal grand jury yesterday on testimony furnished by Tetrault. The car in their possession when they were arrested in this county had been stolen in Texas, where the young pair resided.

## Abe Martin

We never hear nothin' about Tac-  
the-Arica any more, an' I wonder if  
it contained too much alcohol? An-  
other fine thing about fox farmin'-  
it don't break your wife's back.

## Local Brevities

Items of Interest In and  
About the City

### PAVING PLANNED

A petition for the construction of a storm sewer, widening North Schuyler avenue, and constructing curbs is now out among the property owners of Middle Kankakee, the territory recently annexed by the city. It is planned to widen the state highway, now nine feet in width on each side of the street car tracks, four feet on each side. A public hearing is expected soon.

### OFFICERS ELECTED

At the meeting of the board of directors of the Kankakee County Title and Trust Company, last evening, the following officers were elected: Warren R. Hickox, president; Amos H. Robillard, vice president; and W. R. Hickox Jr., secretary and treasurer.

### CAR STOLEN

Kenneth Elston, 682 West Vanmeter street, reported to police headquarters last night that his 1927 Nash coupe had been stolen from in front of the Army. The car bore license number 801-968.

### WRONG NAME

The fire early Sunday morning, on North Greenwood avenue, in which a garage and two cars were badly damaged, was at the Mary Willetts property instead of the Morin home, as reported in yesterday's paper.

### DAUGHTER BORN

Mr. and Mrs. Howard Sharkey are the proud parents of a daughter weighing eight and a half pounds, born Sunday, January 5. The little Miss has been named Norma Grace.

## ANOTHER MAN, OF CHAMPAIGN, HELD TO JURY

### GLENN PATTERSON QUESTIONED IN CONNECTION WITH STRAHL MURDER

## NONE INDICTED YET

### Orah Harms Sentenced To Six Months In Pontiac Reforma- tory By Ruel

Glenn Patterson, another Champaign man, was arrested last evening by Detective William Cantlin and is being held at the county jail awaiting questioning before the grand jury in connection with the proposed indictment of Lawrence Brangan and Clarence "Conny" Bertrand for the murder of Fred Strahl.

State's Attorney T. R. Ohnston declined to make any statement today as to the progress which the grand jurors were making and said that no statement will be issued until the jury makes its report which will probably be toward the end of the week.

## Held In Jail

Patterson is the second Champaign man arrested this week in connection with the Strahl case. Lyman Bridges, a night merchant poorman, was brought here by Cantlin on Sunday evening and is also held at the county jail for the grand jury. Johnston stated that the grand jurors may find Bridges and Patterson guilty of some charge in connection with the case.

Ten out of sixteen applicants for naturalization papers, of foreign birth, were granted their papers in the examinations held before Judge A. W. DeBelm in circuit court yesterday afternoon.

## Pass Tests

Those who successfully passed the examinations were: Adolpho Oliva, Italian, 270 West Court street; Mario Mascaroni, Italian, Bourbonnais; Jens W. Jensen, Dane, Mokenzie; Heinrich Wilhelm, German, Grant Park; John E. Kochen, German, Bradley; Joseph Raspolich, Italian, Lehigh; Fred P. Jack, German, 372 South Schuyler avenue; Frank Martino, Italian, 246 West Court street; Herman P. Timmen, German, Grant Park; Peter Kourbetes, Greek, 257 North Washington avenue.

Orah Harms, Kankakee young man arrested by the police several days ago upon the complaint of a local girl, was arraigned before County Judge Henry F. Ruel yesterday afternoon. He gave his age as 18 years, pled guilty to the charge under extenuating circumstances and was sentenced to serve six months in the Pontiac reformatory on a vagrancy charge.

The first case of the January term in circuit court was started today. It was the damage suit brought by Mrs. Dora Clouse against the Greyhound bus line.

## MARRIAGE LICENSE

A marriage license was issued here today for Peter M. Ruel, 48, and Mrs. Myrtle McVey Hall, 38, both of Steubenville, Ohio.

## MAY PROVIDE ICE SKATING FOR KIDDIES

### AMERICAN LEGION AND CITY COOPERATE IN FLOOD- ING VACANT LOTS

## PAVING APPROVED

### Street Name In Newly Annexed Territory Is Changed By Ordinance

If present plans materialize, and there is sufficient cold weather on the way, outdoor ice skating rinks will be provided in various parts of the city for the benefit of the children.

The plan was broached in last evening's meeting of the city council by Martin Sheehan, commander of the Kankakee post of the American Legion. Addressing the meeting, Mr. Sheehan stated that the Legion had received many requests for the providing of safe rinks from parents who are reluctant to allow their children to skate on the river or on the quaries. He offered that the Legion would provide vacant lots in various parts of the community if the city would flood them. In most cases, he said, the skaters themselves would see that the surface was kept in good shape.

## City to Cooperate

Commenting on this project, Mayor Beckman stated that the city was always glad to cooperate in any movement toward child safety, and suggested that the matter be left to the park committee of the council, in cooperation with the American Legion. The mayor's suggestion was followed out by vote of the council.

An ordinance, providing for the paving of West Merchant street, between Fifth and Sixth avenues, was passed on motion of Alderman Armand LeBeau. This pavement will be thirty feet in width, including the curb and will be of seven inch reinforced concrete. At the public hearing, Mayor Beckman reported, there were no objections.

In connection with this discussion, Alderman A. J. Huot asked if dirt graded from this street and from West Court street could not be dumped in the quarry at the end of West Court street. Street Commissioner Deuschle expressed approval, with the exception of such stone that might be used for making repairs in alleys.

## Rename Street

An ordinance, providing that the street recently annexed territory of Middle Kankakee, known as Schuyler avenue, be known in the future as North Schuyler avenue to correspond with the street name in the blocks just south of this territory, was passed on motion of Alderman Kuntz. North Schuyler avenue will thus be continued two blocks to the new north city limits. According to Harry Shekey, building inspector, the street numbers in this territory are a continuation of those in the city proper and in most cases will not have to be changed.

For the payment of \$100, William Bellanger, a resident of Fifth avenue, will be able to connect his property with the private sewer of the New York Central railway, thus saving him considerable expense of hooking up with the city sewer, which is quite distant. This concession was made through the kindness of the railway officials, and the contract was approved by the city council on the motion of Alderman Buresch, who has been working on the project for several months, and who explained it to the council.

## Warning Signs

Alderman LeBeau of the third ward asked that warning signs be placed at Fourth avenue and Merchant, Third avenue and Merchant, and Entrance and Merchant, for the protection of the many children who attend school in that vicinity. His request was granted.

Alderman Kuntz asked that two street lights, one near the International Harvester company on North Schuyler avenue, and the other near the Soldier Creek bridge on the same street, be moved north to illuminate the two blocks in the recently acquired territory of Middle Kankakee. The request was granted.

The reports of the health officer, Dr. C. K. Smith, of Fire Chief Emil Goudreau, of Superintendent of Streets Deuschle, and of H. G. Drolet, city collector, were read by City Clerk Harry Thompson and approved.

Motion for the purchase of a car-load of coal for the city hall, made by Alderman Rehr, was carried.

## BANQUET TONIGHT

About fifty people of Kankakee and Streator will be guests at a banquet at 7:00 o'clock this evening in the Gold Room of the Hotel Kankakee. The banquet will be given by the Leonard Ray Company of McAllen, Texas, an organization interested in the development of citrus fruit lands in Texas. A speaking program will follow the dinner.

## La Guardia In Word Attack On Borah Over Prohibition

Washington, Jan. 7.—(AP)—The war of words over prohibition, raging for days in a series of statements from various wets and dries, was transferred today to the floor of the house where Representative La Guardia, a New York Republican, made a direct attack on Senator Borah, of Idaho, a leader of the prohibition advocates.

La Guardia's remarks about drinking in Idaho, the home state of Senator Borah, and the recent killing of three run runners by the coast guard off the New England coast, drew Representative Beedy, Republican, of Maine, into the fray with a defense of the guard as "a splendid organization of men" which was "standing like a rock."

The New Yorker said Senator Borah, who recently has severely denounced prohibition enforcement, "takes it upon himself to criticize enforcement in other states" when "he might as well begin in Idaho." He then gave figures to support his assertion that Idaho compared unfavorably with states and cities of the east in law observance.

Beedy said the coast guard was enforcing prohibition "not because it is particularly interested in prohibition but because it is being true to its splendid tradition that when it has a task to perform it goes at it seriously and conscientiously."

Rear Admiral Billard, commandant of the coast guard, was an interested spectator during the exchange.

La Guardia, who has assailed as "blood murder" the killing of the men aboard the Black Duck, a rum runner, said prohibition would ruin the department of justice just as it had the coast guard, if its enforcement was transferred to that branch of the government.

"We might as well enforce this law," Beedy said, "or throw up our hands."

He said that the welfare of the United States depended upon the carrying out of the duties imposed upon the coast guard.

The Maine representative said that La Guardia had not presented the facts as they were in regard to the shooting of the crew of the Black Duck. As to the drinking of liquor by guardsmen who boarded a British rum runner, Beedy said that "red blooded gobs" had gone aboard to unload the liquor.

"They worked in the cold night and to relieve themselves from cold they drank some of the liquor and two of them took some of it ashore with them and got into trouble," he said.

Asserting that it was lamentable that the charge had been made that coast guard officers had been guilty of misconduct, Beedy said that only ordinary seamen and not officers were involved in court martial proceedings at New London. The officers, he said, had been slandered by news reports.

La Guardia asked:

"How long are we going to use force to enforce a law that obviously is so undesirable?"

Beedy answered that the coast guard was doing the best it could and that it means business. This statement was loudly applauded on both sides of the house.

Representative Schafer, Republican, Wisconsin, introduced a bill to amend the law to provide that no coast guard officer be given authority to order shots fired on a boat suspected of rum running, except in self defense.

## CHAS. MULHOLLAND DIES AT HOSPITAL; RAILROAD VETERAN

Charles H. Mulholland, life-long resident of Kankakee, residing at 542 South Fourth avenue, died at St. Mary's hospital this morning at 6 o'clock after a lingering illness and following an operation.

Mr. Mulholland was the son of the late Charles and Mary Mulholland and was born in Kankakee, May 7, 1863 and lived in Kankakee all his life. He was married to Miss Sophia Schulte in Kankakee in 1893. To this union were born nine children, one daughter preceding him in death. He was a locomotive engineer on the New York Central for a number of years and was a member of the Brotherhood of Locomotive Firemen and Engineers.

Besides his widow he is survived by the following children: Mrs. Margaret Peterson, Mrs. Leona Street and Miss Mildred all of Chicago; Mrs. Minnie, Mrs. Anna and Mrs. Charles of Kankakee and two sons Charles J. of Easton, Maryland and Raymond of Kankakee, two grandchildren and one brother, Thomas Mulholland of Kankakee.

The body is at the Rehr funeral chapel awaiting funeral arrangements which will be announced in tomorrow's Republican.

## PHOTOGRAPHER IS MAGAZINE AUTHOR

Edward J. Roy, 297 Poplar avenue, is the author of an article in the current issue of the "Photo-Era" magazine, an article that carries much of interest to Kankakee people.

The "Photo-Era" magazine is an organ for the photographer and kinematographer and Mr. Roy's article is in regard to aerial photography. In addition to being well written, Mr. Roy's article has an added interest in being a narrative of his experiences in taking aerial pictures of this city and vicinity. The story is well illustrated with several excellent photos of Kankakee and the surrounding territory.

## PARK BOARD MAY FIGHT INJUNCTION

Final disposition of the injunction suit obtained two months ago by Dr. Edwin S. Hamilton and others restraining the park board from selling Electric park or holding will probably be made at the regular meeting of the park board this evening.

Attorney C. D. Henry, secretary of the board, today entered his appearance in circuit court to answer to the suit. Mr. Henry stated that the entering of such an appearance was necessary in the event that the board should, in the future, wish to fight any move to make the temporary injunction, granted by Judge A. W. DeBelm, permanent. Such action, however, does not mean that the board will attempt to sell the park property at any time.

## PROUD PARENTS

Mr. and Mrs. Ernie Longpre of 263 North Portage avenue, Bradley are the proud parents of a son, Robert Eugene, born Saturday at St. Mary's hospital.

## IS CHRISTENED

The little son of Mr. and Mrs. John E. Johnston was baptized Monday at the parsonage of the Trinity M. E. church and was given the name of Everett Charles.

In a recent month passengers exclusive of season-ticket holders took 120,443 trips on British railways.

## TEMPERATURE TUMBLES IN THE FAR WEST

### CALIFORNIA GIVEN TASTE OF REAL WINTER WEATHER WITH RAIN AND SNOW IN THE ROCKIES

## Blizzard Swopes Down The Rocky Mountain Region And Middle West

Chicago, Jan. 7.—(AP)—The front line of zero's forward march reached into Illinois and Wisconsin today and thermometers throughout the middle west recorded the advance with overnight declines of forty degrees and more.

Zero temperatures ruled from the upper Mississippi to Montana, the lowest being reported at Devil's Lake, N. D., with 24 below zero. Miles City, Mont., and Williston, N. D., reported 22 below and the van of the sub-zero invasion had brought temperatures of 8 below to St. Paul, 4 below to Omaha, 2 below to Des Moines and 4 below to La Crosse, Wis. At Chicago the spring-like weather day, with a high level of 51 degrees, had vanished overnight and the mercury touched 22 today with a promise of 5 or 10 degrees above zero tonight.

The low temperatures were expected to moderate in the north-west tonight but colder weather was forecast for the Great Lakes region.

Denver, Colo., Jan. 7.—(AP)—The Rocky Mountain west was storm bound today by a blizzard that stretched from the slopes of the Rockies eastward and south through Kansas, Oklahoma, and Texas, almost to the gulf.

The swirling snow resulted in the crash of an air mail plane in Colorado last night. Today Montana, Wyoming, and Colorado felt the effects of the storm that came after an extended period of mild weather.

Clear and cold weather, the kind that sends the mercury reeling, prevailed in Montana, where many points reported temperatures as low as 30 below. At Lewistown, 25 below was reported, a new low mark for the season. Nearly a foot of snow lay on the ground at Helena.

Snow was general over Wyoming and air mail service was hampered. The mercury dropped to six below at Sheridan.

The snow was light in Colorado, but near-zero temperatures prevailed today.

A discussion regarding the activities of Mr. Deuschle and his men was made by B. F. Hertz, alderman of the sixth ward, who pointed out that the street department worked long hours, both day and night, under adverse circumstances, in order to make the streets and sidewalks passable. He expressed the opinion that such labor probably never before were shouldered by Kankakee's street department, not because the workers were unwilling, but because they never had the opportunity. It was Alderman Hertz who made the motion that the street department be officially cited for their efforts, and the motion was carried with great enthusiasm.

## NEW PLOW IS NEEDED

### Purchasing Committee Is Given Power To Buy New Machine After Being Tested

Charles Deuschle, superintendent of streets, and his entire corps of assistants who hauled and disposed of 1,269 loads of snow following the recent blizzard, were officially commended by the city council last evening.

A discussion regarding the activities of Mr. Deuschle and his men was made by B. F. Hertz, alderman of the sixth ward, who pointed out that the street department worked long hours, both day and night, under adverse circumstances, in order to make the streets and sidewalks passable. He expressed the opinion that such labor probably never before were shouldered by Kankakee's street department, not because the workers were unwilling, but because they never had the opportunity. It was Alderman Hertz who made the motion that the street department be officially cited for their efforts, and the motion was carried with great enthusiasm.

The discussion arose with the question of the city's purchase of a new snow plow. Superintendent Deuschle reported that two plows of different makes had been delivered on approval and were to be tested out at the first opportunity.

Commenting on the proposed purchase of a plow, Mayor Beckman pointed out that some measure for taking care of a heavy snow fall was necessary in order that the business district and the many through streets in the city be kept in a passable condition. He pointed out that either of the two types of plows, eliminating the heavy expense of the late storm in renting a tractor and plow.

Alderman Hertz moved that the purchasing committee be empowered to buy one of the plows after each had been thoroughly tested and the motion was carried. The plow will cost in the neighborhood of \$300.00 and will last indefinitely.

## FIVE THOUSAND OUT ON STRIKE; CLEVELAND

Cleveland, O., Jan. 7.—(AP)—Strike of 5,000 members of the Cleveland local of the Ladies Garment Workers Union began today. The walk-out was accomplished in good order and with but little excitement.

## THREE FATALLY BURNED WHEN STOVE EXPLODES

Indianapolis, Ind., Jan. 7.—(AP)—Mrs. Hattie Kusner and two of her small children suffered fatal burns here today when kerosene that was poured into a stove exploded. Donald Kusner, 31, the husband and father, who was believed to have been starting the fire, and three other children were severely injured.

## Secretly in Love

What happens when the typist falls in love with her boss? When he is happily married and devoted to his family? Usually, perhaps, no one ever knows.

But if the typist is an emotional actress, as Gene was, and if the boss is so fine that he has become.

## THE MARRIAGE MEASURE

by which his own secretary measures all men, as Robert had, something's bound to happen.

Just what exciting events may result you'll read about in this absorbing story of unrequited love.

By Barbara Webb

Starts January 10

## STREET DEPT. IS LAUDED BY CITY COUNCIL

### ALDERMAN HERTZ MAKES MOTION OF OFFICIAL RECOGNITION

## NEW PLOW IS NEEDED

### Purchasing Committee Is Given Power To Buy New Machine After Being Tested

Charles Deuschle, superintendent of streets, and his entire corps of assistants who hauled and disposed of 1,269 loads of snow following the recent blizzard, were officially commended by the city council last evening.

A discussion regarding the activities of Mr. Deuschle and his men was made by B. F. Hertz, alderman of the sixth ward, who pointed out that the street department worked long hours, both day and night, under adverse circumstances, in order to make the streets and sidewalks passable. He expressed the opinion that such labor probably never before were shouldered by Kankakee's street department, not because the workers were unwilling, but because they never had the opportunity. It was Alderman Hertz who made the motion that the street department be officially cited for their efforts, and the motion was carried with great enthusiasm.

The discussion arose with the question of the city's purchase of a new snow plow. Superintendent Deuschle reported that two plows of different makes had been delivered on approval and were to be tested out at the first opportunity.

Commenting on the proposed purchase of a plow, Mayor Beckman pointed out that some measure for taking care of a heavy snow fall was necessary in order that the business district and the many through streets in the city be kept in a passable condition. He pointed out that either of the two types of plows, eliminating the heavy expense of the late storm in renting a tractor and plow.

Alderman Hertz moved that the purchasing committee be empowered to buy one of the plows after each had been thoroughly tested and the motion was carried. The plow will cost in the neighborhood of \$300.00 and will last indefinitely.

## UNCLE JOHN NOT A PROSPECT FOR THE UNDERTAKERS

John Langan, popular alderman of the first ward, is reported to be recovering very nicely at St. Mary's hospital, in spite of a psychological shock which he suffered the other day.

"Uncle John" has been receiving many callers during his confinement at the hospital, and these visits have been the source of considerable enjoyment and good cheer. He was a bit taken aback, however, when he was visited recently at once by Aldermen H. F. Rehr and B. F. Hertz both undertakers, who were followed in by Octave Gattier, coroner of Kankakee county. He thought for a moment that his physician had been kidding him along about his progress toward recovery.

At last evening's meeting of the city council, it was voted to send Mr. Langan a bouquet of flowers, to be delivered by Alderman Rehr. Mr. Rehr, however, is going to warn the patient in advance that his visit is not in a professional capacity.

Motion for the gift of flowers was made by Alderman Hertz and carried unanimously.

## The Weather

Illinois: Mostly fair tonight and Wednesday, except possibly snow or sleet in extreme north portion; colder tonight, except in extreme north-west portion; moderate cold wave in extreme southeast portion.

## Police Asked To Search For Girl

Kankakee and Chicago police have been asked to assist in a search for Irene Harms, twenty-five year old Kankakee young woman who has been reported missing from her home for several days.

According to a message received last evening from Chicago by Chief of Police Riley, the name and description of the girl was broadcast from several radio stations. At the last report, the girl was said to be in Chicago.

The young woman is said to be a sister of Ora Harms, now serving a sentence in the county jail. He stated that their mother's name is Mrs. Iva Harms.

# President Entertains Delegates To The London Conference At Breakfast

BY BYRON PRICE  
(Associated Press Staff Writer)  
Washington, Jan. 7.—(AP)—Confidential sources here, however, are confident that President Hoover will not only be present at the breakfast but will also be the guest of honor. The breakfast will be held at the White House and will be attended by the president, the delegates to the London conference, and a group of their technical advisers. The breakfast will be held at the White House and will be attended by the president, the delegates to the London conference, and a group of their technical advisers. The breakfast will be held at the White House and will be attended by the president, the delegates to the London conference, and a group of their technical advisers.

## PERSONALS

Mrs. Irene Cheever is off duty at her mother's store to take care of her mother Mrs. Maloch of South Fifth avenue who was injured in a fall.  
Paul Lecour was a business caller in Chicago today.  
Lorraine Januski has fully recovered after having her tonsils and adenoids removed.  
Mr. and Mrs. Albert Morrell, Miss Genevieve Zimmerman and Al Ballabury spent the week end in Chicago.  
Mr. and Mrs. Percy Murray of Springfield, Ill., formerly of Kankakee are entertaining a new baby boy.  
Mr. and Mrs. Ivan J. Weaver were week end guests at the home of A. L. Beebe.  
Raymond Wulfert spent the week end in this city with home folks.  
Charles Holt went to Chicago this morning where she spent the day transacting business.  
Francis Lane returned to Bloomington, Ind. this morning after visiting in Kankakee for the past two weeks with friends.  
Mrs. W. L. Rogers and daughter of Manteno stopped in Kankakee Monday.  
Mrs. G. P. Reed returned to Manteno last evening after spending the day here visiting with friends.  
Mr. and Mrs. William McMillen of Chicago spent Sunday here as guests of Mrs. Emma Gagnon.

## WINTER WHITE GOODS

Piles of snowy sheets and cases, dozens and dozens of towels, bolts of muslin and yard goods... our January White Goods Event opens with complete, fresh stocks of many household needs... all of them at typical J. C. Penney low prices.

### GENEROUS SIZED BATH TOWELS

22x44 inches... just right! And how they do soak up the drops of water! 25c  
These are truly some of the best values in double-thread terry towels we know! They come in all-white, plain colors, with colored borders, and some in all-over plaids. January White Week offers an excellent opportunity to stock up your linen chest!

### SOFT FINISH HONOR MUSLIN

Bleached, 36 inches wide, unbleached, 39 inches wide... for only, yard—12 1/2c  
"Honor" means splendid quality, pure finish, fine yarn muslin to the millions of housewives who have learned to depend on this standard trademark brand... always the same, soft-finish material... useful in so many ways.

### "NATION-WIDE" OUTING FLANNEL

Our own trademarked brand, known from coast to coast for its quality! Yard—17c  
This is a 36-inch outing flannel which comes in plain white, also in a range of fancy checks and stripes. That it is a remarkable value to find such superior quality at such a low price is proved by the thousands of yards of it we sell!

### STEVENS LINEN CRASH

A by-word in every home... a "buy-word" at this economical price! Yard—19c  
Dish drying becomes more of a pleasure if you are using towels made of this absorbent all-line crash, for it is so much easier to get a lovely polish! Buy enough now to make towels for months to come. Bleached or unbleached. 11 inches wide.

### STURDY "PENCO" SHEETING

The standard of value for more than five million thrifty American women.  
8/4 Bleached or 9/4 Unbleached... yard 49c  
9/4 Bleached or 10/4 Unbleached... yard 53c  
Now is a good time to stock up on sheets and cases—we have a complete range of "Penco" quality at our famous low prices.  
"PENCO" PILLOW TUBING  
Snow-white... a linen-like finish... long wearing.  
40-inch yard... 33c 42-inch yard... 35c

### SNOWY WHITE RAMONA CLOTH

This is the linen-like finish cloth so splendid for so many uses!  
36 inch, yard... 25c 44 inch, yard... 33c  
54 inches wide, yard... 39c  
Ramona cloth is woven of specially prepared yarns which give it a decidedly linen-like finish. It is especially well liked for making nurse's uniforms, children's clothes, luncheon cloths, napkins, doilies and is excellent for use in art needlework.

## With moderation THE GRIM SPECTRE of that future shadow may be avoided

AVOID THAT FUTURE SHADOW\* By refraining from over-indulgence, if you would maintain the modern figure of fashion.

Fashion reveals in the soft, enchanting curves of the modern figure. Don't sacrifice that graceful contour by permitting your eyes to be bigger than your stomach. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately. When tempted to treat yourself too well, when your eyes are bigger than your stomach, light a Lucky instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain the modern, alluringly-rounded figure.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"

\*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quick "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

J. C. PENNEY COMPANY INC.  
239-249 So. Schuyler Ave., Kankakee, Ill.

STORE OPEN EACH DAY OF SALE FROM 8 A. M. UNTIL 9 P. M.

# VIC BOUDREAU'S ANNUAL SQUARE DEAL

Will Start Wed. Jan. 8th And Continue Until Stock is all SOLD

Gather 'Round Folks:— This is my annual Square Deal Sale; this is the time of the year when I always give my customers the best of the breaks; I am quoting cost prices on most of these sale items; I do it every year at this time to clean-up my stocks; I give you a better grade of Men's Suits and Overcoats and Furnishings than you can find in any store in Kankakee and the prices are the lowest that can be found. I call this my Square Deal Sale, because that's what it is — you get the highest class of clothing, right at the time of the year when you can use it best and I shoot square with everybody—you must be satisfied to please me—even at this sale. # INTERESTING NEWS EVENTS IN THE SPORTING WORLD

## BANNER YEAR IN AMATEUR ATHLETICS

Note—This is fifth of series of stories written for the Associated Press by leaders in the sports world, based on 1929 prospects.

**By AVERY BRUNDAGE**  
President, National Amateur Athletic Union

Chicago, Jan. 27.—Reports from the chairman of committees in charge of fourteen sports under the jurisdiction of the Amateur Athletic Union indicate 1930 will be a banner year in amateur athletics in the United States.

With their minds already on the next Olympic games, to be held at Los Angeles in 1932, both coaches and athletes are preparing for a strenuous year of competition, realizing that all resources must be developed if America is to retain its place as leader in amateur sport.

Reports reaching A. A. U. headquarters reveal that development in sports, particularly track and field, is being given special attention in foreign countries which have adopted American methods, has been phenomenal. Athletes from Finland and other Scandinavian countries already have demonstrated their capabilities during appearances in this country, while Germany and Italy are well into national athletic programs reaching every man, woman and child. South American countries, South Africa and the Orient all are in the midst of great programs for athletic development.

A remarkable growth in interest in amateur sports among industrial institutions, and among women, promises to provide new material to aid the United States in its effort to retain its world athletic leadership.

The A. A. U. is solidly behind all movements to enforce amateurism and amateur rules, and will continue to take the initiative in problems concerning amateur athletics. It promises also will include plans for wider distribution of amateur championship events, and for taking amateur hockey, one of the fastest growing sports under its jurisdiction.

## BILLIARDS

New York, Jan. 27.—(AP)—A surprising stand by Austin Kleckhoff, Chicago southpaw, has knocked out corner of the triangular race at the National three-cushion billiards championship, leaving it a duel between Otto Reisel of Philadelphia and Allan Hall of St. Louis.

After breaking even in his first two games, Kleckhoff last night defeated Johnny Layton of St. Louis, 50 to 48 in 61 innings, 50 to 48 in 61 innings, 50 to 48 in 61 innings.

Yesterday Hall beat Harry Schuler of New York, 50 to 48 in 61 innings, while Reisel turned in a 9 inning victory over Tiff Denton of Kansas City, 50 to 37.

Chas. Cupola of Detroit yesterday beat Charles Jordan of Los Angeles, 50 to 48 in 61 innings.

Today's matches: Reisel vs. Schuler, Denton vs. Jordan, Layton vs. Cupola.

## HELEN WILLS AND HUBBY ARRIVE AT LOS ANGELES, CAL.

Los Angeles, Jan. 27.—(AP)—Mr. and Mrs. Frederick B. Moody, Jr., were here today planning to spend the rest of their honeymoon on dry land while awaiting completion of the furnishing of their apartment in San Francisco.

Mrs. Moody, formerly Helen Wills, the Berkeley, Cal. girl who won the women's world tennis title, said "we will return to San Francisco next week to inspect the home." In the meantime, I expect to play a little tennis."

The young couple arrived at San Pedro aboard the 40-foot Yacht Galea yesterday, after cruising as far south as Ensenada, Mexico, they were married in Berkeley, December 22, and sailed from San Pedro Christmas day.

## Model California Bridge

A seven-mile bridge will span the San Francisco bay from San Mateo to Hayward of sufficient width to accommodate three lanes of traffic. The bridge is the longest of its kind in the world and was constructed at a cost of \$2,000,000, is of a low-level type and is practically a complete expanse. It is designed for use at night as much as by day, for mounted on top of the concrete bridge railing about 200 feet apart in staggered formation are 177 incandescent street-lighting units. Several miles of concrete highway at either end of the bridge have been lighted by the same highway-lighting units.

Chicago's cattle market has been closed because of the hoof-and-mouth disease epidemic in Scotland.

Norwegian settlers of whale oil are planning to combine.

## Sport Slants by ALAN J. GOULD

All the Old East can do about its football is to read the figures and weep.

It was bad enough a year ago when the Pacific Coast trio of Stanford, Southern California and Oregon State delivered shipped Amherst, Notre Dame and New York University, totalling an aggregate of 70 points to 27 for the Eastern clubs. It is worse now.

The same three Pac Western outfits have cleaned up again and if you care for the total count, it was 99 to 24 with Stanford riding roughshod over Army again, Southern California cleaning up the lumbering defeated Pitt Panthers and the veteran Ohio State five at Champagn.

In addition, California contributed an early season victory over Penn State to make it a gain season for the Big Three of the Pacific.

What's the answer? That the Pacific Coast plays superior football to the rest of the country? Not if you happen to live in the locality generally described as the "Middle West." The Southern California whirlwind that smothered Carnegie and Auburn, reaching every man, woman and child, South American countries, South Africa and the Orient all are in the midst of great programs for athletic development.

A remarkable growth in interest in amateur sports among industrial institutions, and among women, promises to provide new material to aid the United States in its effort to retain its world athletic leadership.

The A. A. U. is solidly behind all movements to enforce amateurism and amateur rules, and will continue to take the initiative in problems concerning amateur athletics. It promises also will include plans for wider distribution of amateur championship events, and for taking amateur hockey, one of the fastest growing sports under its jurisdiction.

## VIATOR CAGERS FRIDAY NIGHT

By JAMES FLYNN

The St. Viator cagers have resumed intensive practice in preparation for their game with the strong Millikin five Friday night, and after the usual hard Christmas holidays, a few stiff workouts are necessary to put the boys back into shape. McCallister at the present his full initial squad of about twenty-five to work with, but it is expected that he will make another cut before the game on Friday.

Reports from Decatur indicate a powerful Millikin aggregation, Coach "Hank" Gill shortened the Christmas vacation for his squad by arranging practice games at Evansville and Mount Vernon, winning both easily. Evansville plays a return game with Millikin at Decatur this evening. From these records, it is fair to see that the game Friday night will be a hotly contested one from start to finish.

Four sections of state have been reserved for the outside public, and are on sale at Casey-Morelli's cigar store in the Arcade building. From the size of previous crowds at Viator contests, it was seen that reserved seats were necessary, so that all can be satisfied.

Seats will be put on sale soon for the game with Charleston Normal Monday night. The Charleston game is the last the Viator team is to play at their own gym for a year or two, and consequently, our loyal supporters should send the team on the road with the knowledge that the old home town is behind them by showing their true spirit at these two games.

## CLIFTON TEAM WINS OVER ASHKUM 32-13

The Clifton Independents gave the Ashkum Orioles their first defeat of the season last Saturday, 32 to 13. Clifton led at the half, 17 to 4. R. Norgaard, former Herscher star, was the ace for Clifton with nine baskets for a total of 18 points. Clifton has several open tickets on the schedule and will meet Kempton in the Ashkum invitational tournament at 6:30 o'clock Jan. 10.

The Score:

Ashkum Orioles	FG	FT	PP
F. Merkle	0	0	1
F. B. Wallace	0	0	1
F. C. Merkle	0	0	1
F. B. Purton	1	0	2
C. V. Kozyzard	2	0	0
C. E. Ribbons	1	0	0
G. Blase	0	0	1
G. E. Kozyzard	0	0	1
G. I. Kozyzard	1	0	0
Total	6	1	4

Clifton Independents

FG	FT	PP	
F. D. Miller	0	0	0
F. Gordon	0	0	1
G. R. Norgaard	9	0	1
G. Hasty	2	0	0
G. H. Miller	0	0	1
Total	15	2	4

## Maytag Reports Record Business For December

The Maytag Company, Newton, Iowa, manufacturers of the Maytag Aluminum Washer reports that volume of deliveries for December, 1929, was one of the greatest in Maytag history. December, which is normally not a peak month, showed a marked increase over both October and November and brings to a close a record-breaking year for Maytag.

The outstanding prosperity of The Maytag Company is significant in that their product is sold through a sales organization of over nine thousand independent dealers. Their exceptional sales volume reflects the fundamentally sound business conditions existing at the present time.

The Maytag organization is looking forward to a still larger business in 1930. The business outlook is good in every section of the country and the outlook in agricultural regions is particularly promising.

## Whoops! They Play Boys At Own Game

There's a crisis at hand in Chicago sports circles, for wherever there was competition that could not be brought to Chicago.

This year the Edmonton Canada team, world's champions, will be here to test the Trunks. Last year the locals won 37 games and lost only in 1927 they were undefeated in 35 games.

The Malone took Helen Taggart from the Trunks and Alice Lindeman from the Brownies and around them built a strong five for this campaign. They also will play the Edmonton side. The Big series with the Trunks will be late in January.

The Brownies are composed of members of the Illinois Women's Athletic club, and their opponents must be within the A. A. U. fold.

Violet Kruback, a photographer, probably is the best girl player in the United States. Other stars are Ella Smith of the Trunks and Helen Taggart and Alice Lindeman of the Malone.

The American Amateur Athletic Union also challenges it, but because of professionalism. Two of the Trunks are playground instructors.

The basketball Trunks, Brownies and Malone play is not the timid, ladylike kind of the bloomers age. It is fast and rough, and the girls wear boys' equipment.

The Trunks, ever since its organization in 1921 has been an ambitious outfit, traveling to wherever there was competition that could not be brought to Chicago.

This year the Edmonton Canada team, world's champions, will be here to test the Trunks. Last year the locals won 37 games and lost only in 1927 they were undefeated in 35 games.

## SHIRES AT ST. PAUL FOR NEXT CONTEST

Chicago, Jan. 27.—Charles Arthur "The Great" Shires does not propose to permit meetings of state athletic commission to cause him to disappoint his public.

While he is more or less sound on the boxing business, the great one still is after money and decided not to attend the meeting of the Illinois state athletic commission this afternoon, so that he might go through with a bout at St. Paul tonight.

C. Arthur and he could not attend the meeting which was arranged for him to explain some things about his meeting with mysterious Dan Day of Cleveland, and still have time to fulfill his engagements in St. Paul with Tony Patch, a baseball pitcher. Rather than disappoint the fans he decided to pass up the meeting and to go on sale at Casey-Morelli's cigar store in the Arcade building. From the size of previous crowds at Viator contests, it was seen that reserved seats were necessary, so that all can be satisfied.

Seats will be put on sale soon for the game with Charleston Normal Monday night. The Charleston game is the last the Viator team is to play at their own gym for a year or two, and consequently, our loyal supporters should send the team on the road with the knowledge that the old home town is behind them by showing their true spirit at these two games.

## HARVARD HEAD ON ATHLETICS IN COLLEGES

Cambridge, Mass., Jan. 27.—(AP)—A Lawrence Lowell of Harvard University in his annual report published today asks whether a college intercollegiate contest in sports annually would not be enough to maintain interest in college athletics.

He asks the difference in attitude toward sports of the ancient Greeks and Romans, the former regarding the cultivation of physical culture and the latter entering into the contest of the arena.

But, with our frequent intercollegiate games, with the attracting of huge crowds at short intervals, and with the publicity are we not slipping back into the Roman attitude of things?

The weeks though one great contest of a kind in a year sufficient to sustain ardor in athletics. May it not be that a single intercollegiate contest in each sport would do the work?

## WHITE SOX MEN START PRACTICE ON FEBRUARY 18

Chicago, Jan. 27.—Chicago White Sox batters have been ordered by Manager Dan Brouck to report at San Antonio, Tex., February 18. The remainder of the squad will be due in camp about 10 days later.

Loyola has two strong teams on its '30 schedule.

Chicago, Jan. 27.—Loyola University has started two strong basketball teams for its 1930 football schedule. Georgetown will come to Chicago October 3 and Boston college will meet the Ramblers at Chicago November 16.

Annual question is Babe's salary.

New York, Jan. 27.—Babe Ruth's salary may be bigger this year than ever before but he won't get a bonus for hitting home runs.

General manager Ed Bruce says that when the time comes, the Babe and Cal Jacob Ruppert, the Yankees' president, will talk over the contract but the bonus system has never been considered.

## "BATTLE OF THE PALMS" AT MIAMI

FIGHTS LAST NIGHT

(By The Associated Press)

Philadelphia-Jackie Fields, world welterweight champion, outpointed Alf Ross, France, 10-0. Harry Gold Brown, Philadelphia, outpointed Gaston Le Cadre, France, 10-0. Danny Kramer, Philadelphia, knocked out Eddie O'Dowd, Columbus, Ohio, 4-0. New York-Archie Bell, Brooklyn, outpointed Eugene Hunt, France, 10-0. Alvin Green, Spain, stopped Sammy Tack, New York, 10-0. Chicago-Glenn Chastain, Dallas, Tex., outpointed Haskon Hansen of Chicago, 10-0. Paul Pantaleo, Chicago, stopped Blenny Davis, New Orleans, 10-0.

Indianapolis-Jimmy Hackley, Indianapolis, stopped Johnny Conley, Toledo, 10-0.

Rochester, N. Y.—Frankie White, Butte, Mont., and Tiger Jack Payne, New York, drew 10-0.

Louisville, Ky.—Jimmy Byrne, of Overbrook, Ky., outpointed Harry Fay, New York, 10-0. Howard Jones, Louisville, outpointed Red Wilson of Indianapolis, 10-0.

St. Louis—Al Louie, St. Louis, Chicago, knocked out Mike Ross, Minneapolis, 10-0.

Baltimore—Al Rose, New York, outpointed Tommy Libertio, Work, Pa., 10-0.

New York, Jan. 27.—The second annual "battle of the palms" at Miami, Feb. 27, may become an international struggle with Jack Sharkey, the Boston gop, in one corner of the ring and Phil Scott, London's most famous fireman, in the other.

Back from Boston and their vain efforts to induce Sharkey to meet Tuffy Griffiths at Miami, Madison Square Garden officials have begun negotiations with Jimmy Johnston, Scott's pit sized manager.

Financial matters already have brought discussion of a Scott-Sharkey match to an impasse but the wrangles eventually may be ironed out to the satisfaction of everyone concerned. Johnston has been held out for a guarantee of \$75,000 with the privilege of 25 per cent of the receipts. Frank Bruen, general manager of the garden, has countered with an offer of 20 per cent of the receipts.

Perth, Ill. Jan. 27.—Primo Campese and a Victorio, Campese, gains of the ring, take had been James Esau, a 20-year-old truck driver, who stands seven feet in his boots, and weighs slightly more than 200 pounds, aspire to boxing accomplishment and has taken his first step by entering an amateur tournament.

A mummy buried in the Egyptian desert and 3,000 years ago has been found in a good state of preservation.

**N. Y. STOCKS**

New York, Jan. 7.—Stock prices moved irregularly higher at the opening of today's market, with trading only moderately heavy in volume. Initial gains of a point or so were registered by Westinghouse Electric, Consolidated Gas, American Can and American Woolen, preferred, while U. S. Steel, common, Bethlehem Steel, Sears Roebuck, American Smelting and Standard Gas improved fractionally. May Department stores and International Telephone each dropped more than a point and Hudson Motors yielded 3-4 on the first sale. Ambevaca opened with a block of 8,000 shares at 78 1-2, unchanged from last night's close.

The market became increasingly irregular as trading progressed with American Can, Bethlehem Steel, U. S. Steel, common and several of the other leaders quickly losing their initial gains. Coppers, which led the late rally yesterday, also met increased selling resistance when efforts were made to extend the recovery in those issues.

Revised activity and strength of American Woolen tanger, the com-

tors American Rolling Mills, Tinker Roller Bearing U. S. Industrial Alcohol, Simmons Co. and Johns Manville lost a point or more.

Foreign exchanges opened steady, with Sterling Cables unchanged at 487 2-8.

Amusement shares developed pronounced strength in the final hour.

in 1940's. Referring to  
Logan, Warner Brothers, Paramount,  
Famous all advanced substantially  
short covering caused rallies in the  
low levels of one to 3 points dis-  
short in the 1st with Sears Roebuck,  
Republic Steel and Pittsburgh  
Coal displacing strength. The close  
was steady. Total sales approximated  
2,200,000 shares.

a week of prayer  
**WEEK OF PRAYER**  
**OPENED LAST**

The opening service in connection with the Kinkadee observance of the Universal Week of Prayer for the Church and the World was held at the home of Mrs. J. H. Kinkadee, 1035 North 14th street, last night. In making the invocation, the speaker said that prayer is the power that gives life to the church and that it is the only way to bring about the kingdom of God on earth. He said that prayer is the power that gives life to the church and that it is the only way to bring about the kingdom of God on earth.

**IDE VISITS HERE**  
Roy W. Ide of Springfield, former director of the State Department of Public Welfare, visited friends in Kalamazoo, Mich., last month on his way to New York. He and Mrs. Ide will sail Thursday on the S. S. George Washington for a month's visit in England and France. They will be members of the same party with Mrs. Ide's daughter, Mrs. M. M. Ide, and other delegates to the naval disarmament conference in London.

Japan's population is estimated to

"All alien convicts must serve the minimum sentence," said Mr. Brandon. "We have made this rule."

**BRITISH MERGER**

on" on crime. In crimes of serious nature or if the alien is a fugitive or violator the alien is required to serve more than the minimum term.

Even though the alien were to serve the entire term "the government would be satisfied with the result," his Director Brandon explained. He declared that the present law is "not a deterrent to commitment to crime by aliens but saves the state the expenses of keeping the alien in custody for the maximum term of the sentence."

**RECOVER BODIES  
FROM WRECKAGE  
OF TWO AIRPLANES**

San Antonio, Cal. Jan. 7.—(AP)—With two bodies recovered from the wreck of the two motion picture plane which crashed in the mid-air off Point San Vicente on

Washington, Jan. 7.—(AP)—Newcomb Carlton, president of the Western Union Telephone company, said today that the Interstate Commerce committee believes that the merger of all British Radio and Cable companies would present the "slightest menace" to American business in the same field.

His statement was directly opposite to previous testimony given before the committee by Owen D. Young, president of the Radio Corporation of America, who said that Congressional approval of mergers of American Radio and Cable companies was necessary if they were to be able to compete with foreign interests.

"The British Merger" Carlton said, is one of the most fantastic ideas ever built up.

Carlton said "The Merger" and the Western Union, he continued, has a

## HUGE CLAIMS AGAINST HOUSE

Benton Harbor, Michigan, January 7.—Clams against the House of David Colony totalling nearly \$200,000 have been filed in federal court here by Mary Purnell, erstwhile "Queen of the Clams," and supported here in the factional strife that followed the death of "King Benjamin" Purnell.

The claims represent damages and services performed during the petitioners' membership in the colony and the cost of their removal from it into the organization when they joined. The bill filed by Mrs. Purnell charges the colony with the cost of her removal from the colony and the cost of her removal from the colony.

Washington, Jan. 7.—Chief Justice Taft retired Garfield hospital today, for treatment for bladder trouble, assured that relief would be obtained in a few days when he would be able to go South, probably to Asheville, N. C., for several weeks of rest.

With his law clerk and his secretary.

## REALTY PROGRAM

At the first meeting of the Kanabek County Real Estate Board for the year 1920, the outline was made for the year's work. The new

Mr. Tracy who is fifth vice president of the Minnesota Association of Real Estate Boards is one who has been instrumental to make the state have a better harbor system than that it is for the benefit of Kankakee.

Wm Durham succeeded himself as vice president, Leland M. Sprimont made secretary and E. G. Corry was again elected treasurer. The local realtors report considerable activity in realty now.

Imports, 250,000 barrels

**STATE OFFICIAL HERE**

John C. Allen, rehabilitation expert of the Department of Public Welfare, made an inspection tour of Kankakee county today. He was escorted by Mrs. Elizabeth Mann, county probation officer.

**FREE RIDES OFFERED IN NEW FORDS**  
 Have you had your ride in the new Model A Ford which was shown for the first time last week at the Harry Dahl garage? Romy Hammes, manager of the Dahl company, has received many requests for rides in the new Ford and is willing to accommodate every request.  
 There have been no changes in the mechanical features of the new Model A Ford. Only the appearance of the body and the riding qualities have been improved. The motor remains the same powerful unit which is still leading all others in the automotive world and which completely revolutionized the industry. Thousands of persons visited the beautiful new models on display in the show room. Most of these are not content with seeing the car, but demanded a ride.  
 Among the many features of the new car are included a new steering wheel which is smaller and heavier than the former type; longer and higher hood; wide, high-crown fenders with flowing lines which add grace to the appearance of the car; new shaped radiator; smaller wheels with increased tire size which makes for easier riding; more room for the driver and other occupants.  
 All of these changes, together with a wider and more beautiful range of colors to choose from, are offered buyers of the new Fords without any increase in price over the 1929 models. The windshield is again equipped with shatter-proof glass, an expensive feature not included in most other makes of cars, and a fully enclosed silent six-brake system.  
 No Obligation  
 The many other features of the new Fords will be explained, without any obligation, to anyone calling at the Dahl garage.  
 The Dahl garage also offers some rare bargains in used cars of all makes and models which are now selling from \$25 up to \$2500. There is a car at this garage for every purpose and for every price. The company also sells the Lincoln automobile, another Ford product.  
 The Dahl garage is open day and night and offers complete service, including all parts and accessories, to Ford owners. The establishment is the Ford distributing agency for this territory.

**CONCRETE IS SAFE, STABLE FOR BUILDING**  
 Hardly does a day pass in this week that we do not read in the newspapers of some disastrous fire or devastation of some sort that does not result in the loss of large sums of money in property destroyed and, quite often loss of life. Fire—like death—comes unannounced and most generally creeps upon the unfortunate victims in the dead hours of the night when they are least prepared to defend themselves and their possessions.  
 Some fires are unavoidable. Still, a great percentage of the loss could be avoided and many lives saved if the people would heed the advice of our modern contractors and engineers and build their homes and other structures of fire-proof masonry.  
 Not High-Priced  
 It is the imagination of the general public that fire-proof construction is tremendously high priced. Some types may be, but when the concrete blocks manufactured by the Wilkie company at 1009 South Schuyler avenue are used. The fact of the matter is that the difference in the cost of concrete blocks over ordinary frame construction is so surprisingly small that the savings in the amount of fuel consumed over a period of a few years will easily recover the difference in construction cost.  
 The Wilkie company produces blocks which are ideal for the use of the farmer in that the farmer is able to build better houses, barns, silos, etc., with these fire-proof blocks and his home and land in their entirety will have a much better appearance.  
 Plan Service  
 The Wilkie company is a firm which is fully competent to advise you as to specifications, etc., in your building problems and they are a reliable source of information. Plans of all kinds are at your disposal in their office. Members of the firm will take an interest in your problems because your problems are their problem.  
 Buildings constructed of concrete blocks are dry, cool in summer and warm in winter. They also effect a big saving in repair and painting bills over other forms of building. You can secure any kind of information regarding concrete products by calling the company's office—Main 521.

 Among the many features of the new car are included a new steering wheel which is smaller and heavier than the former type; longer and higher hood; wide, high-crown fenders with flowing lines which add grace to the appearance of the car; new shaped radiator; smaller wheels with increased tire size which makes for easier riding; more room for the driver and other occupants.  
 All of these changes, together with a wider and more beautiful range of colors to choose from, are offered buyers of the new Fords without any increase in price over the 1929 models. The windshield is again equipped with shatter-proof glass, an expensive feature not included in most other makes of cars, and a fully enclosed silent six-brake system.  
 No Obligation  
 The many other features of the new Fords will be explained, without any obligation, to anyone calling at the Dahl garage.  
 The Dahl garage also offers some rare bargains in used cars of all makes and models which are now selling from \$25 up to \$2500. There is a car at this garage for every purpose and for every price. The company also sells the Lincoln automobile, another Ford product.  
 The Dahl garage is open day and night and offers complete service, including all parts and accessories, to Ford owners. The establishment is the Ford distributing agency for this territory.

**FREE RIDES OFFERED IN NEW FORDS**  
 Have you had your ride in the new Model A Ford which was shown for the first time last week at the Harry Dahl garage? Romy Hammes, manager of the Dahl company, has received many requests for rides in the new Ford and is willing to accommodate every request.  
 There have been no changes in the mechanical features of the new Model A Ford. Only the appearance of the body and the riding qualities have been improved. The motor remains the same powerful unit which is still leading all others in the automotive world and which completely revolutionized the industry. Thousands of persons visited the beautiful new models on display in the show room. Most of these are not content with seeing the car, but demanded a ride.

## JAIL-BREAK IS FRUSTRATED AT SACRAMENTO, CAL.

Sacramento, Cal., Jan. 7.—(AP)—A jailor and a prisoner were suffering from severe wounds today and the county jail was guarded by extra officers as the result of a riot. Sixteen inmates of the jail's "felony tank" made a desperate but unsuccessful bid for their freedom last night as they were being locked in their cells. The prisoners were armed with a knife and a piece of iron.

Albert Boss, charged with the murder of a grocery clerk during a holdup, started the outbreak, officers said. He appeared suddenly at the main floor cell block and demanded that Deputy Sheriff Charles Warden liberate him. Grabbing a shotgun, Warden aimed at Boss, who retreated.

The alarm was spread and the county jail was surrounded by sheriff's deputies and policemen.

The physical violence was precipitated by Harry Abel, held for holding up a roadhouse near Sacramento. Abel struck Jailor George Hall over the head with a piece of iron as the officer was about to lock up the cells for the night.

Grabbing Hall's keys, Abel and Boss led the attack on the officers in the jail. They were joined by R. Martin and Wilbert Rider, while twelve other prisoners watched the struggle.

Deputy Sheriff Warden summoned assistance and with Sheriff Ellis Jones and Deputy Sheriff H. W. Shannon entered the cell block and forced the milling prisoners to return to their cells.

## WATSEKA

The Continental Chemical Corporation, Watsika firm held a three day convention of its district sales representatives in the Rose room of the Sherman hotel in Chicago last week. D. E. Smalley, manager of this concern and H. A. Mallory, credit manager attended.

Supreme court ends ten year drainage case. After having been dragged through the courts of Illinois and Vermilion counties since 1920, the famous quo warranto case against drainage commissioners W. H. Johnson, F. L. Zoller and J. P. Crouch of the Illinois and Vermilion drainage district, was settled in a decision handed down by the Illinois supreme court at Springfield last week. The ruling upheld a decision by Judge Geo. Brinson of Vermilion county, who held that the district in question was never legally organized. Prior to that time the case had been tried and appealed several times in Illinois county courts. Atty. A. P. Goodyear, Atty. J. W. Kern and Judge Marshall who represented objectors and commissioners in this case, died during the period the case was in the courts. Atty. Robert P. Goodyear, who had assisted his father was associated with Atty. Hutton of Danville and Rodman of Hoopston in the later series of legal battles and Atty. C. G. Hirsch who represented the commissioners with the Danville law firm of Jones, McIntyre and Jones. 3800 acres of land were effected in the long legal contest.

Otto F. Flett, who for 7 years has been employed at the Troy Dry Cleaners in Watsika has resigned and he and Mrs. Flett will leave for Washington, D. C. where he will enter the National Institute of Dryers and Cleaners for a three month term of instruction.

Jack Shanks of Watsika while driving down Walnut street New Years eve, struck the stop light at the 4th street intersection and carried it several feet down the street. The electric connections were broken loose and the bulb on top was shattered but was not damaged in any other way nor was Shanks and the light was replaced the next day.

Word has been received here from Dr. Gertrude Harter many years practicing physician in Watsika was married on Dec. 8 to a well known retired dairy products dealer at San Diego. The couple will make their home in Whittier, Cal. where they will build a new home.

"Our Mother Tongue" will be the

subject of a lecture to be given at the general meeting of the Woman's club Jan. 7. Mrs. Laura Prier, professor at Normal university will deliver the lecture. The program will be in charge of the Department of Literature of the club and will include singing by the Watsika Woman's Chorus.

In a will signed by a Mark only, Richard T. Strange of Onaga, who died Dec. 4, 1929 left about \$14,140 including \$13,000 in real estate and \$1,140 personal property to his widow, Julia E. Strange, who was also appointed executrix for the duration of her life, the property to go upon her death to the children, share and share alike. The will was made in Onaga Oct. 13, 1927 and witnessed by Jennie Smithurst and Minnie Anderson both of Onaga. Besides the widow, the heirs are Mrs. Fern Dix, Richard Jr. Onaga, Gladys Weber, Manteno and Paul Platt Tipton, Mch.

A total of 39 divorces were granted in Irons county during 1929 according to figures compiled by Circuit Court Clerk Victor Wilson. Only 5 of them were contested, the remaining ones being obtained by default. Eight were filed by husbands. The grounds in the majority were cruelty and desertion with a few charging adultery, one habitual drunkenness and one disease. In most cases there were no children. In one, only one child, another six and another seven children were involved.

A bill for partition to be heard during the March term of the circuit court was filed last week by Stephen C. Malo as attorney for the complainant, Alice Stanley of Irons. The complainant is alleged in the bill and the defendant Miles Stanley are the only descendants and heirs-at-law of the late Leroy Stanley and the bill is filed to straighten out difficulties arising in the proper distribution of the estate.

The inmates of the county home are deeply grateful to the organizations and individuals who helped make their holiday season happier. Supt. and Mrs. Garfield likewise are thankful to those who assisted in brightening the days for their wards. The Watsika Woman's club supplied remembrances for the inmates and Mrs. Frank Eaken provided music as did also the Epworth league of the M. E. church.

Irons Odd Fellows lodge No. 74 held their annual election of officers Friday night. The elected officers were:

OF ALL THE OLD SHOES TOSSED AT EDDIE WIRTZ AND HIS BRIDE, THE ONE THE BLACKSMITH TOSSED, MADE THE MOST LASTING IMPRESSION—IT IS REPORTED

## LINDERBERG TESTS HIS NEW AIRPLANE

Los Angeles, Jan. 7.—(AP)—The Lindberghs have a new plaything. A few-miles Lockheed monoplane with a cruising radius of 3,300 miles. Colonel Charles A. Lindbergh and his wife, the former Anne Morrow, tested it together yesterday, alternating at the controls.

The large crowd which gathered to witness the flight was surprised at Mrs. Lindbergh's participation in the colonel's first trial of the new ship. After the landing it was more

surprised at Lindbergh's declaration "My wife took the controls and liked the ship's performance."

The plane is powered by a 425-horsepower Wasp engine, and is equipped to carry 450 gallons of gasoline. Its colors are black and orange, and its license number NR-211. The number of the Spirit of St. Louis, the plane which carried Lindbergh across the Atlantic, was XNR-211.

"I chose orange as the color of the wings because it is a color easily seen from the air," said Colonel Lindbergh. "There are no long non-stop flights contemplated by us, but it is nice to have a plane that can stay up all night."

## Sleepy, but Not Hungry

C. I. J. was spending the day with relatives, and had been warned by mother not to eat for an hour. He was told very satisfactorily (all late in the afternoon, when yielded to an inward desire for "bandout."

"Uncle," said the boy, "I always get sleepy when I am hungry."  
"Well," said the uncle, "maybe the child is hungry."  
"Are you hungry?" asked uncle.  
"No," said the little fellow, "but I am terribly sleepy."

## Symbols of Immortality

Among the Egyptian signs of immortality are the circle from two sides of which wings extend, the cross which ends in a ring at the top of the upright beam, and the delta.

## Memorial to Dog's Loyalty

Grey Friar's Bobby was a Scotch collie dog which slept on its master's grave in Edinburgh for 12 years, until it finally died. A memorial has been erected in the Scotch capital to this faithful animal.—Pathfinder.

## LUNA

Today and Wednesday—Children 10c

for the white men and glittering cafes of Rome—but discovered too late the man she loved.

Added Feature CHARLIE CHASE in his latest comedy riot "STEPPING OUT"

**FROZEN JUSTICE**

Added Feature CHARLIE CHASE in his latest comedy riot "STEPPING OUT"

## Highways and Horse Sense

An economist makes an impassioned plea for common sense in road building. It would be fine to have common sense all along the line—even to those who drive on the roads that common sense has built.—Los Angeles Times.

## "Hard Money" in Tons

A Chicago bank in its advertisement mentions that although checks, drafts, notes and currency make up the bulk of a bank's business, the specie paid out by this particular bank in a good day's work weighs more than 14 tons.

## He's Got a New Girl-Friend Now!
